### Zoning Discussion

- Most of the parcels along Aurora are zoned C2 (see attached zoning descriptions) which doesn't support multifamily housing. Like Lake City a rezone to NC3 would be more in-line with an urban village designation.
- More housing potential in the NC3 zones than changing SF to Low Rise.
- See attached zoning descriptions, commercial, low rise and single family.

### Status updates

- **NSF Grant** - Advanced to pricing stage. At the NWDC September meeting top 3 will advance to the next stage.
- **Find It/Fix It Grant** - Submitted 6/10, Design Charrette held on 6/12 at The Lantern @ 5 PM.
